**PETITION TO CHANGE
APPLICATION FILING DATE**

RECEIVED
JUL 09 2002
OFFICE OF PETITIONS

Box DAC
Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

The Applicants respectfully petition the Commissioner to change the application filing date pursuant to 37 CFR 1.10. It is believed that a petition fee is not required. However, if a petition fee is required, any such petition fee should be paid out from Deposit Account No. 12-2252 of LSI Logic Corporation.

The following documents are enclosed in support of this petition:

1. A copy of the Filing Receipt showing the application filing date of 10/23/2001;
2. A copy of the Express Mail mailing label (Express Mail no. EV 013245364 US) showing the "Date In" as 10-22-01;
3. A copy of the first page of the present application having a Certificate of Mailing by Express Mail identifying the Express Mail no. EV 013245364 US; and
4. A copy of a Response to Request for Corrected Filing Receipt.

Petition filed Promptly

The Applicant received the Filing Receipt for the present application on 1 March 2002, wherein the Filing Receipt indicated that the filing date was 23 October 2001. The Applicant believed the filing date to be 22 October 2001, and filed a Request to Correct Filing Date on or about 18 April 2002 in an attempt to correct the filing date. A Response to the Request for Corrected Filing Receipt was received on 10 May 2002 indicating that the Office could not comply with the Applicant's Request because a copy of the Express Mail label was not provided.

Subsequently, the Applicant contacted the law firm that prepared and filed the application (Suiter & Associates) to obtain a copy of the Express Mail label. The firm forwarded a copy of the label, and the Applicant then prepared this Petition.

Therefore, the Applicant asserts that this Petition was filed promptly after becoming aware that the Office accorded a filing date other than the USPS deposit date.

Express Mail No. Placed on Application

As shown in the attached first page of the present application, a Certificate of Mailing by "Express Mail" was placed on the application prior to the original mailing of the application by Express Mail. This Certificate contains the Express Mail number EV 013 245 364 US, which corresponds to the Express Mail no. shown on the attached copy of the Express Mail label.

True copy of Express Mail Mailing Label

A copy of the Express Mail label is attached, and is believed by the undersigned attorney for the Applicant to be a true copy.

Therefore, there is a discrepancy between the filing date accorded by the Office to the application (10/23/01) and the date of deposit as shown by the "date in" on the Express Mail label (10/22/01). The Applicant believes that the application is entitled to a filing date of 22 October 2001 which corresponds to the "date in" from the Express Mail label (Express Mail no. EV 013 245 364 US), and respectfully requests that the filing date be corrected to correspond to the "date in" as entered by the USPS.

If it is felt for any reason that direct communication with the Applicant's attorney would serve to advance prosecution of this case to finality, the Examiner is invited to call the undersigned Peter P. Scott at the telephone number below.

**AUTHORIZATION TO PAY AND PETITION
FOR THE ACCEPTANCE OF ANY NECESSARY FEES**

If any charges or fees must be paid in connection with this communication (including but not limited to the payment of an extension fee or issue fees), or if any overpayment is to be refunded in connection with the present application, any such charges or fee, or any such overpayment may be respectively paid out of, or into, the Deposit Account No. 12-2252 of LSI Logic Corporation. If any such payment also requires a Petition or Extension Request, please construe this authorization as the required Petition or Request.

Respectfully submitted,

William P. Delaney

Receipt is acknowledged of this nonprovisional Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Customer Service Center. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

LICENSE FOR FOREIGN FILING UNDER

Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
